

**\Product:** Zero-Tech® 88cm Flame-resistant jacket with collar

**Description:** Zero-Tech® Eskom jacket is a flame-resistant 86cm long jacket with a collar. The jacket has a Velcro® flap closure over a heavy duty zip. It includes a detachable cotton backed diamond quilted liner that is water resistant and black ribbing on cuffs with two side pockets.

**Colour:** Navy blue

**Size:** S – 5XL

**Materials:** Outer Fabric: Aflamit 100% cotton, flame-resistant.  
Liner: Diamond quilting with cotton back, water resistant.

**Applications:** Work wear for foundries, chemical plants and the oil and gas industry.

**Hazard Assessments:** Cold conditions and work areas with potential flame hazard.

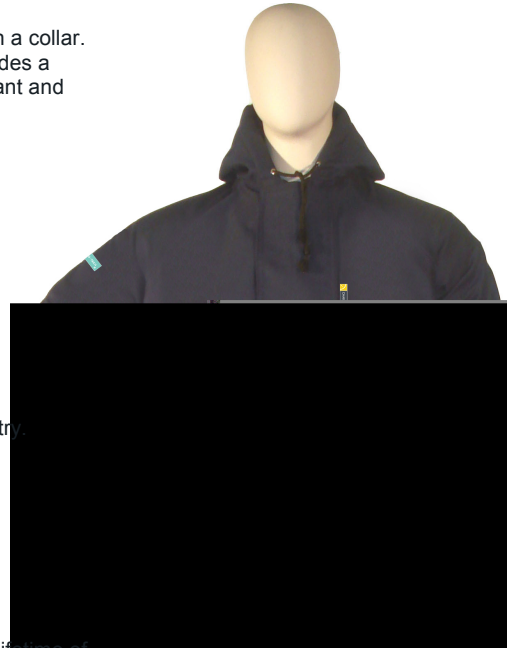

**Features:**

- ⊙ Padding in jacket is a diamond quilted inner of 100g/m<sup>2</sup>.
- ⊙ The flame retardant effect of the outer fabric lasts the normal lifetime of the treated textile, providing the care instructions are followed.
- ⊙ The outer fabric does not melt nor support combustion.
- ⊙ As a result of heat arising, the material develops a carbon shield, which gives additional protection against flames.

**Standards:** SABS 1423 - Part 1 and SABS 1387 - Part 4.

**Comments:**

- ⊙ The material is chemically treated.
- ⊙ Protection is guaranteed by the manufacturer for 50 wash cycles, subject to correct laundering, rinsing and drying.
